# Green Building Resources and Classes

- Aging-in-Place Remodel Checklist – from the National Association of Homebuilders
- Cascadia Green Building Council – A program of the International Living Future Institute and a proud chapter of the USGBC and CaGBC
- Earth Advantage Institute – Sustainable building and climate solutions
- Green Building 411 – Provides free green building resources, promotes local programs and incentives and offers technical assistance to residents and businesses of the Portland metro region.
- Green Design Atlas – An interactive map of green commercial buildings and sustainable site developments in the Portland metro area.
- Habitat ReStore – Habitat for Humanity building materials reuse center
- Home Builders Association of Metropolitan Portland - Green Building
- Home Performance Contractors Guild of Oregon
- International Living Future Institute – The Institute offers green building and infrastructure solutions that move across scales (from single room renovations to neighborhoods or whole cities).
- Moving to Portland Green Homes Guide - "A guide to Green Homes in Oregon"
- National Building Museum – "Sustainable Building Principles"
- Northwest EcoBuilding Guild – “Building practices that foster health, conservation and long-term economic vitality”
- Passive House Institute US – PHIUS is a 501(c)3 organization committed to making high-performance passive building the mainstream market standard
- Portland Office of Sustainable Development Green Buildings Program
- The Rebuilding Center - Building materials reuse center and ReFind Furniture, a project of Our United Villages
- US Green Building Council
