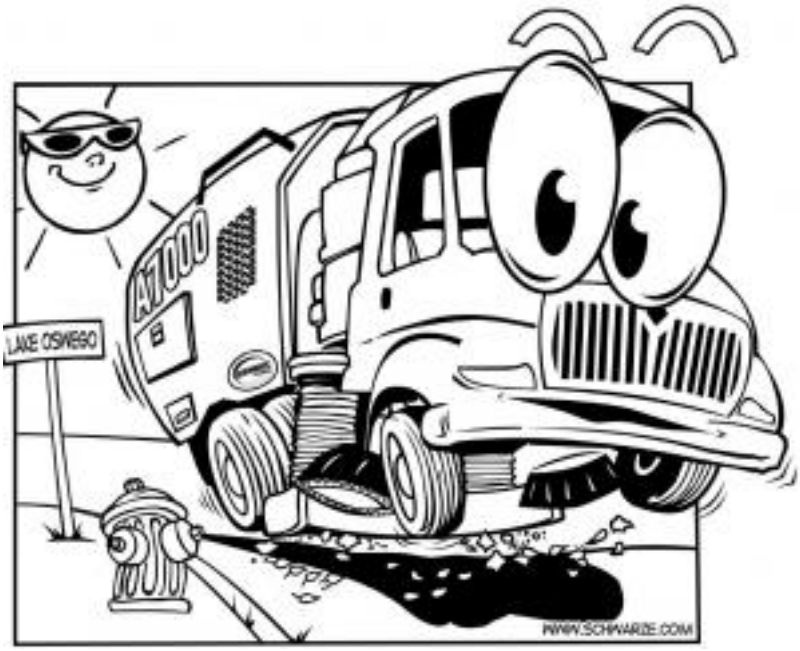
Cast your Vote to Name the Street Sweeper, Voting Closes April 15



Over 320 name entries were submitted as part of the Name the Sweeper Contest. After careful ranking, review and discussion a City team made up of Public Affairs and Public Works staff (plus a dictionary!) picked the top ten names based on their appropriateness, usability and suitability for a street sweeper and their important role in water quality. Now it is your turn to pick the name for our street sweeper. Voting closes end of day April 15.
