

Leaf Disposal

Not sure what to do with all the leaves piling up in your yard? There are several disposal options available throughout the community for leaves and other yard debris. In addition to composting leaves or taking them to a designated drop-off site, you can use your weekly yard debris container provided by Republic Service. For additional leaf collection, use "Recyclable Kraft" bags for an additional fee of \$3.50 per bag. Recyclable Kraft bags are available at most home improvement stores. Do not dispose of leaves in your garbage can.

Remember, do not put leaves onto the street. These leaves can clog catch basins and cause flooding. Lake Oswego City Code prohibits blowing, sweeping, raking, or otherwise depositing debris onto sidewalks or streets. In addition, property owners are responsible for keeping sidewalks abutting their property clean of leaves, ice and snow, and other material which may make the sidewalk hazardous.

Designated drop-off sites:

- Dan Davis Recycling Center, West Linn
503-655-1928
- Metro South Transfer Station, Oregon City
503-234-3000
- Pacific Land Clearing & Recycling, Oregon City
503-656-7793
- S & H Landscaping Supplies, Tualatin
503-638-1011

Another option is to compost your leaves.

If you have questions or would like more information about how to properly dispose of yard debris, call the Citizen Information Center at 503-635-0257.
