

Information on Sellwood Bridge Construction and Traffic Impacts

If you travel on Highway 43 to and from work, or during the work day, sign up for traffic updates. Getting notifications will help you know when to take a different route as the bridge construction has been and will continue to cause lane and road closures with delays.

To sign up for email notifications, click on the Construction Updates link at www.sellwoodbridge.org. Through the website, you can also sign up for RSS feeds and follow on Twitter.
