### [Moisture Content Form](#)

This form must be received prior to scheduling the framing inspection. In signing the form, it is certified that all moisture-sensitive wood framing members used in construction for the building permit have been tested and determined to have a moisture content of nineteen (19) percent or less of the weight of dry wood framing members. (Oregon Residential Specialty Code R318.2)

### [High-Efficiency Interior Lighting Form](#)

In accordance with the Oregon Residential Specialty Code Section N1107.2, a minimum of fifty (50) percent of the permanently installed lighting fixtures shall be installed with compact or linear fluorescent, or a lighting source that has a minimum efficacy of 40 lumens per input watt. Screw-in compact fluorescent lamps comply with this requirement.
