**Internet Search Tips:**

Advanced Google Search
Search one site (like http://www.un.org )
or limit your results to a domain like .edu, .org or .gov
You can also do advanced Google searches on the main Google search screen.
The search: **"human rights" "afghanistan" filetype:pdf site:.gov**
will find government papers in PDF format about human rights in Afghanistan, for example.

**Google News**
Search for the latest news on different countries and issues.

**Google Alerts**
Monitor the Web for interesting new content
Google Alerts are email updates of the latest relevant Google results (web, news, etc.) based on your queries.

Enter a search query you wish to monitor. You will see a preview of the type of results you'll receive. Some handy uses of Google Alerts include:

• monitoring a developing news story
• Finding timely information about a country or issue
• keeping current on a competitor or industry
• getting the latest on a celebrity or event
• keeping tabs on your favorite sports teams
(From Google)
