

Racquet Services

The Lake Oswego Tennis Center offers racquet stringing and repair.

The Tennis Center carries a variety of string options, or you can provide the string. Turnaround time for racquets is usually less than a week, and rush orders are welcome!

The Tennis Center also carries grips, overgrips, and vibration dampeners, and has tennis balls for sale by the can or by the case.

Drop your racquet by the Tennis Center, or call 503-635-5550 for more information.
