RE: In favor of John Chessar's application

MAR 09 2012

File No. LU 12-0005

City of Lake Oswego
Community Development Dept.

Location of Property: 1125 Maple St.

We live down below and 1 house over at 1207 Lakefront Rd. We have looked over the remodeling plans carefully and have no objection to this application to build an addition. The plans seem reasonable and do not occupy too much of the property footprint. The addition blends with the style of the original design.

We are in favor of allowing this permit.
