**Subject:** Correction in Testimony-LU12-0005

Dear Chair, Members of the DRC, and Staff,

Yesterday, as I drafted an introduction to this year's Historic Home Tour heralding the work of Richard Sundeleaf, I realized a portion of my testimony on Monday night was in error.

And, so I share the following with you: the Landmark Designation List, includes, nine houses which were thought to be Sundeleaf designs. Two, the Mulder House and the Harris House, have since been determined to NOT be his design.

Therefore, there are seven not five Sundeleaf designed houses which are currently afforded review protection under our Historic Preservation Code.

My sincere apologies for this error on my part.

Sincerely,

Erin O'Rourke-Meadors
