STATEMENT OF ACCEPTANCE OF TERMS

I have read and understand the Toilet Replacement Program Guidelines and limitations. I understand that I must recycle any replaced toilet or urinal so that they cannot be reused. I also understand that if requested, I will allow a City Staff person to schedule an appointment to visit my home/business and verify the information submitted with this application. Rebates will be on a first come first serve basis. I understand that this rebate program may be discontinued at anytime due to unavailability of funding, or other reasons as may apply and that approval of this application may not guarantee a rebate by the city in such cases.

Overview: Commercial/Residential Toilet/Urinal Rebate Program

The City of Lake Oswego offers a Toilet Replacement Program that encourages commercial and residential water customers to replace their old toilets/urinals with efficient water-conserving models to save water and money. Commercial businesses and residential property owners that receive water from the City of Lake Oswego may replace a maximum of two toilets or two urinals per account. Toilets being replaced must have been installed before January 1, 1996 and/or have a flush volume exceeding 1.6 gallons per flush. Qualifying urinals must replace existing urinals with a flush volume exceeding one (1) gallon per flush. Rebates are offered on a first come first served basis and will continue until current funding is exhausted.

Rebate:

- **\$100.00** per toilet for High Efficiency Toilets (HET or dual flush models)* and/or Urinals with volumes of one (1) gallon per flush or less. **(No EPA standards for urinals)**

***ONLY HET or dual flush toilets certified by EPA WaterSense program will qualify for this rebate. Go to: http://epa.gov/watersense/product_search.html?Category=2 for a list of acceptable brands and models.**
