

About Luscher Farm

Luscher Farm, once a dairy operation owned by Rudie and Esther Luscher, was purchased in 1990 by the City of Lake Oswego. The property and buildings are maintained as an agricultural example with the intent to interpret and educate interested visitors in local food and organic plant production.

Today, Luscher Farm is home to a variety of organic and sustainable gardening and farming programs:

- * [Lake Oswego Parks & Recreation Children's Garden](#)

Luscher Farm is open to the public from dawn until dusk. Please respect our gardens and farm by walking only on designated pathways and keeping pets in the parking area only and on leash at all times.
