

Green Building Resources and Classes

Interested in viewing some local green homes? Join the SAB, LO Sustainability Network and Resiliency Organization of West Linn for the 2015 Sustainable Homes Tour! Saturday October 17, 1 to 4 pm. [Click Here](#) for more information and for a list of participating homes.

- [Cascadia Green Building Council](#) – A program of the International Living Future Institute and a proud chapter of the USGBC and CaGBC
- [Earth Advantage Institute](#) – Sustainable building and climate solutions
- [Green Building 411](#) – Provides free green building resources, promotes local programs and incentives and offers technical assistance to residents and businesses of the Portland metro region.
- [Green Design Atlas](#) – An interactive map of green commercial buildings and sustainable site developments in the Portland metro area.
- [International Living Future Institute](#) – The Institute offers green building and infrastructure solutions that move across scales (from single room renovations to neighborhoods or whole cities).
- [Portland Office of Sustainable Development Green Buildings Program](#)
- [The Rebuilding Center](#) - Building materials reuse center and ReFind Furniture, a project of Our United Villages
- [US Green Building Council](#)
