Published on City of Lake Oswego Oregon Official Website (<https://www.ci.oswego.or.us>)

---

- Ability to maintain harmonious relationships with others in a group-living environment

Applicants who meet the minimum qualifications are invited to take a written test. This test may cover basic firefighting knowledge, reading, writing, math, and communication skills.

Top scoring candidates will move on to the Physical Agility, Skills Evaluation, and Oral Interview portion of the testing process.

- Physical Agility test is an obstacle course that is conducted while applicants wear firefighting turnouts and an SCBA. The course consists of a tower climb carrying a hose bundle, hand over hand hoist of a hose roll to the 4th floor, use a 11.5 lb sledge hammer to drive a weighted sled 6 feet, pull a charged 1 ¾" hose line 100 ft, then drag a 140lb dummy 100'. This is a pass fail evaluation. The evolution must be done safely within 6 minutes to pass.
- Skills evaluation is a scored component of the test process. Candidates will be asked to perform a variety of fire ground skills utilizing provided equipment. This is an opportunity for candidates to display their fire ground skills. Tasks may include deploying hose lines, raising ladders, taking hydrants, and utilizing tools carried on a fire engine.
- Oral Interview is a scored component of the test process. Candidates will sit before a panel of 3 to 6 evaluators. They are asked questions that will allow evaluators to score them based on their past experiences, presentation skills, ability to work with others, ability to work under stressful situations, and ability to communicate.

The top scoring candidates will move on to a Chiefs interview. This is where the Fire Chief will make a hiring decision after personally interviewing each top scoring candidate.

The job offer is contingent upon successful completion of a background investigation and medical evaluations which will include drug and psychological testing.

The City is an Equal Opportunity and Affirmative Action Employer. Minorities, women and qualified individuals with disabilities are strongly encouraged to apply. If you wish modification of the selection process in order to accommodate a disability, please make your request in writing and submit it with your required application materials before the application deadline.
