

Learn a Language with Livemocha!

Livemocha offers interactive lessons for Nearly 40 languages (as well as English as a Learned Language), and are offered at beginning through advanced levels, with grammar, vocabulary, flashcards, video dialogs, reading, and more. Higher-level students can even receive personal instruction from native speakers.

Livemocha represents an exciting new concept in online language learning. Livemocha is a supplement to traditional language learning tools in that it is structured similar to social media models, such as Facebook.
