### **BOONES FERRY ROAD REPAVING SCHEDULED FOR SEPTEMBER 10**

LAKE OSWEGO - Lakeside Paving, working under contract for the City of Lake Oswego, is scheduled to begin a full width asphalt overlay on Boones Ferry Road Monday, September 10. Work will occur on Boones Ferry Road between Madrona Street and Mercantile Drive.

Because this is a high traffic roadway, the City requires the contractor to perform the work at night, between 7 p.m. and 6 a.m. The contractor is scheduled to complete the asphalt overlay in two nights, September 10 and 11. **The beginning and ending dates for this work could change slightly, depending on when the contractor completes paving on Country Club Road**, which is part of the same contract. Every effort will be made to notify residents and businesses of schedule changes.

During construction, one lane in each direction of Boones Ferry Road will be open to traffic. The contractor is required to minimize impacts to driveways and intersections but there will be short periods of time when the paving process will block access. Emergency vehicle access will be maintained at all times. During the day, all lanes will be open in both directions.

Upon completing the pavement overlay, the contractor will spend several weeks replacing traffic sensing loops and painting road markings, including crosswalks. This work will also occur at night thereby minimizing impacts to traffic and road access.

The public is invited to attend an informational meeting about the project, on **Thursday, August 23, from 6 to 7 p.m. at the City Hall Council Chambers located at 380 A Ave.**

For additional information, please contact Crystal Shum via e-mail at [cshum@ci.oswego.or.us](mailto:cshum@ci.oswego.or.us) or by telephone at (503) 697-7420. After hours, please call the Construction Hotline at (503) 635-0261 with questions or concerns and someone will return your call the following business day.
