

## PARKS & RECREATION DEPARTMENT

March 15, 2022

Hello!

My name is Nancy Perin and I am the Volunteer Coordinator with the City of Lake Oswego Parks and Recreation Department. I work within the Community Events division which develops a variety of the community wide special events that are held in Lake Oswego every year.

I am recruiting volunteers for this year and I'm hopeful that you and others in your company would be interested in donating a few hours of your time and energy to help make one of our events successful.

Some of the events that we need help with are: the Saturday Farmers' Market, Summer of Music concert series on Wednesday nights, July 4<sup>th</sup> festivities, Movies in the Park, a Cultural Celebration in September and our Tree Lighting Festival. Some events only need a couple of people and others need a team. Some examples are: a dental office team volunteered to hand out programs at a concert then stayed for the concert, an insurance agency team came to assist setting up the market one morning and shopped afterwards, another group assisted with greeting parade participants and helping with the line-up (see how it works behind the scenes).

Does this sound like something you and your team would be interested in helping with? I hope so as I am interested in having YOU on my team that contributes to the vitality of our City.

Please feel free to give me a call at 503-697-6517 or email me at [nperin@lakeoswego.city](mailto:nperin@lakeoswego.city) so we can discuss what and when you would like to volunteer this year.

Thanks so much for your interest and I look forward to hearing from you soon.

Sincerely,

Nancy Perin  
Volunteer Coordinator
