Subject: LU 16-0042 EVERGREEN OVERLAY

As you know, Paden Prichard and I participated in your 'Overlay' study session on Sept 12. A week later I fell and broke my shoulder and have not yet recovered enough to resume 'normal' activities. If I were able I'd be at the hearing to tell you of the support in our neighborhood for this addition to Evergreen's overlay. We believe it will be a simple solution to neighbors' concerns about excessive building heights, yet not significantly infringe a builder's plans for a well-designed house.

I hope we can count on your support. Thank you.
