**What area of the Lake Grove Village Center (LGVC) is the greatest concern for parking availability?**

Zupans and restaurants and Starbucks - the drive-through causes multiple problems - and there is no parking if you just want to go in for a cup of coffee

**What normally brings you to park in Lake Grove?**

Dining/Restaurants

## Lake Grove Parking Survey

What are your experiences with parking in Lake Grove? What ideas do you have for managing parking in the Lake Grove Village Center?

Groceries/Shopping  
Banking

**On an average trip, how long do you normally park in the Lake Grove Village Center?**

0 - 60 minutes

**When do you usually encounter problems with parking? (be specific with days and times, if possible)**

daily - normally when the lunch crowd begins

**Do you ever walk, ride a bike, or take public transit to your destinations in Lake Grove?**

No

**If the parking plan includes potential locations for public parking facilities, are there particular sites or locations that you think should be considered?**

People are now parking in the currently empty Wells Fargo lot and walking across the street - could that be converted? Can the bank that is located in the Zupan's area be relocated? Can the pizza place next to Zupan's be relocated?

**Finally, what suggestions or ideas do you have for managing parking in Lake Grove?**

You need to have additional parking near to the areas that are experiencing the need for space. Someone needs to do something with the Starbucks situation. The lane in is taken up with people in line for just doing drive through. All the businesses around have no parking signs as they have experienced people trying to park there. And there needs to be the ability to cross the streets safely when one parks across a street from where they need to be.

### **What area of the Lake Grove Village Center (LGVC) is the greatest concern for parking availability?**

Having parking like the mess that was created at Zupan's. People part at Round Table, Vacant Wells Fargo, other bank lots, it's a mess. Maybe a multi story parking structure.

### **What normally brings you to park in Lake Grove?**

Dining/Restaurants

Groceries/Shopping

Work

### **On an average trip, how long do you normally park in the Lake Grove Village Center?**

More than 3 hours

### **When do you usually encounter problems with parking? (be specific with days and times, if possible)**

The only problem is Zupans center. Parking is a mess the entire time the center is open. People are parking on other businesses property, Round Table, Vacant Wells Fargo etc.

### **Do you ever walk, ride a bike, or take public transit to your destinations in Lake Grove?**

No

### **If the parking plan includes potential locations for public parking facilities, are there particular sites or locations that you think should be considered?**

There are several vacant pieces of ground west from Bryant Rd. Yet quite a walk to shopping etc. Might have to have shuttles.

### **Finally, what suggestions or ideas do you have for managing parking in Lake Grove?**

Maybe a multi story parking structure or underground parking like is available on A & State Street.

**What area of the Lake Grove Village Center (LGVC) is the greatest concern for parking availability?**

The entire parking lot.

**What normally brings you to park in Lake Grove?**

Dining/Restaurants

Groceries/Shopping

**On an average trip, how long do you normally park in the Lake Grove Village Center?**

1-2 hours

**When do you usually encounter problems with parking? (be specific with days and times, if possible)**

Every time I go there.

**Do you ever walk, ride a bike, or take public transit to your destinations in Lake Grove?**

No

**If the parking plan includes potential locations for public parking facilities, are there particular sites or locations that you think should be considered?**

I have no idea where you would mean or how far afield you are considering. I can't see anywhere nearby that would be available. As to multi story parking, I do not park in buildings when alone because I don't consider them safe for women over a certain age, and I didn't even like them when young.

**Finally, what suggestions or ideas do you have for managing parking in Lake Grove?**

There are too many eateries, which draw people at all times of day in this area and too many businesses in general. The use of that area that goes back to the liquor store adds a florist and a liquor store. The parking is too small, even considering the back area, too much retail has been crowded in, and it is VERY offensive to have parking places designated by color for certain businesses and a guard out there even, from time to time. Really. Have we lost all civility that we must be order about in this way? Not very Lake Oswego. The parking is so bad that I would do much more business with the drug store, the grocery and La Provence if it were not for parking. I avoid this shopping area like the plague since it was redone. It used to be a convenient place to run to from my house and pick up something needed. Now I go further away to avoid creeping around a parking lot that has had more spaces crowded into it than are comfortable to use, and often as not, have to drive away anyway. Too bad. I miss it, but have learned to go to New Seasons, Safeway and Walgreen's. And I doubt much improvement can be made. This mistakes are in place, and I think unchangeable. As for walking further, many in Lake Oswego are aging, and while the young and middle aged may welcome walking everywhere, we can't all do this.

### **What area of the Lake Grove Village Center (LGVC) is the greatest concern for parking availability?**

Zupan's, Gubanc's, and crossing the median. Plus the congestion on Bryant. Pedestrian crossing Boone's Ferry and Bryant is likewise a problem which means that parking across the street is not an attractive option.

### **What normally brings you to park in Lake Grove?**

Dining/Restaurants  
Groceries/Shopping  
Banking  
Other (Meetings)

### **On an average trip, how long do you normally park in the Lake Grove Village Center?**

0 - 60 minutes

### **When do you usually encounter problems with parking? (be specific with days and times, if possible)**

Noon, afternoon, evening

### **Do you ever walk, ride a bike, or take public transit to your destinations in Lake Grove?**

Yes

### **If the parking plan includes potential locations for public parking facilities, are there particular sites or locations that you think should be considered?**

Lake Grove Elementary School playground and the area where the Bus Barn is now with it moved and/or distributed

### **Finally, what suggestions or ideas do you have for managing parking in Lake Grove?**

It seems that any solution would benefit from there being pedestrian over or under passes whether the solution is off site parking, public transportation, biking or valet parking. At the very least pedestrian crossings with "safe islands" in the center median should be planned.

**What area of the Lake Grove Village Center (LGVC) is the greatest concern for parking availability?**

No Response

**What normally brings you to park in Lake Grove?**

Dining/Restaurants

Groceries/Shopping

Professional Services

Banking

**On an average trip, how long do you normally park in the Lake Grove Village Center?**

0 - 60 minutes

**When do you usually encounter problems with parking? (be specific with days and times, if possible)**

Sunday brunch time, every day after 4:00pm.

**Do you ever walk, ride a bike, or take public transit to your destinations in Lake Grove?**

No

**If the parking plan includes potential locations for public parking facilities, are there particular sites or locations that you think should be considered?**

BEHIND stores, shops, restaurants, banks!!!!

**Finally, what suggestions or ideas do you have for managing parking in Lake Grove?**

Using open spaces for lots, using broken down houses for lots and making crossing walks near banks (US Bank and Wells Fargo) as I have witnessed pedestrians risking the convenient and DANGEROUS sprint across Boones Ferry.
