

**The Woodmont Park Planning Process has begun!**  
**Join us on March 20<sup>th</sup> to be part of the community's vision for its future**

The Parks & Recreation Department of Lake Oswego invites the public to attend the first of three Public Outreach and Design Charrette opportunities as it undergoes a 12-month outreach and Master Plan process for the 6.7 acre Woodmont Park site. Woodmont Park will be developed and restored to provide a place for the community as a whole to recreate and connect with nature.

Come meet the design team who will be working with the city to create the new Woodmont Park and learn what efforts are just now getting underway and what the plans are over the next 12 months. We will share information with the public about the goals for the park, and discuss the park's future from three important perspectives:

- Ecology
- Infrastructure
- Program

We will have opportunities during the Public Meeting to get the public's feedback, input, thoughts and ideas on the information that will be presented.

DATE: March 20, 2017

LOCATION: Lake Oswego Parks & Recreation at Palisades, 1500 Greentree Road, Lake Oswego, OR 97034

TIME: 6 PM

**We want Woodmont Park to become a place for all of our residents to connect with nature.  
Make sure your voice is heard!**

*Light snacks and beverages will be served*

If you can't attend this Public Meeting, please visit <http://www.ci.oswego.or.us/parksrec/woodmont-park-plan> for more information.

We will make every effort to keep the public up-to-date as the planning process progresses so check back often.
