Lake Oswego, OR 97034

To: Lake Oswego Planning Commission

We are writing to give our support to the removal the sensitive lands designation from our property, which is part of tree grove TG-17. The sensitive lands designation seems better suited to an undeveloped area, not within a community of homes that have been here over 30 years. We hope the Planning Division will remove the properties in our neighborhood from the sensitive lands program.

Thank you,
