Topic: sensitive lands - overlay

On 4/18/2012 10:42:05 AM a user kindly commented:

I would like to address my comments to:

Lake Oswego Planning Division (attn:Andrea Christenson) Lake Oswego City Hall

I support the removal of the sensitive lands designation; my neighborhood is affected by the current zoning of the overlay. It is an arbitrary mapping of whose yard falls within the boundary of the overlay -- some yards have the same tree canopy and are either included or excluded. I understand the city is requesting feedback prior to a hearing scheduled on April 23rd.

thank you,
Robin Michell
