Subject: renovation on Maple St- John Benjamin Chessar- File No: LU120005

Dear Debra,

I am writing in support of the proposed renovation of Ben and Emily Chessar's home. I live at 1245 Maple, just one house away from them. I have lived here for 25 years, having known the previous tenants and now the Chessars. I have no concerns at all about their plans to upgrade their home to make it much more livable and enjoyable for them as well as improve the value of the neighborhood. They are very sensitive to the integrity of our neighborhood and I feel are uniquely qualified to do this renovation.

I trust them completely with this project and highly value them as neighbors.
Please let me know if more information is needed to allow this project to go forward.

Sincerely,

Cynthia Ferrier, MD
