

Johanna Hastay
Associate Planner
City of Lake Oswego

Good morning Johanna;

I request a brief period of time tonight at the public hearing for LU 12-0028 to testify from a unique perspective which is, a) having been a Lakewood Neighborhood resident on North Shore Rd. since 1969 and a Neighborhood Chairman multiple times and b) having served on the Lakewood Center Board since 1994.

I very simply want to impart that in my/our experience the Lakewood Center has gone "the extra mile" with regard to the Lakewood Neighborhood and the community on any project this Arts and Cultural Center has undertaken and I assure the Commission that the same thoughtful approach will be taken with this positive project.

Sincerely

John Bradshaw
