Subject: Project File # LU13-0044 address 12800 SW Goodall RD, Lake Oswego from Adrian Ct Residents Group

Greetings Dandrea,
My Name is Bryan Gergen, 12730 Adrian Ct, Lake Oswego Oregon 97034
Phone 503-505-3336

Ref: LU13-0044

Please submit this email document into the file #LU13-0044 and public meeting and hearing submissions for this project.

We as residents and home owners on Adrian Court have formed a group to communicate with the City of Lake Oswego and others about any concerns we may have in the future regarding this project.
We will submit a complete resident group list in the near future.

The first item on our agenda is the project construction parking.

We request that no parking related to this project be allowed on Adrian Court at any time.
This means but not limited to; trailers, vehicles, cars, trucks, machinery, City of Lake Oswego vehicles, Clackamas or Multnomah county equipment or vehicles and private worker vehicles etc. as well as any road and street equipment related to widening or modifying rights of way or street surfaces adjoining this project.
We request that everything and every one involved with this project park on the project site and not Adrian Court.
We request this until the project is fully completed and mature and no further construction is occurring.

The Second item on our agenda is possible Street of Dreams event traffic and crowd control.

If in the future any homes in this project are slated for the "Street of Dreams" event, we request that no parking be allowed on Adrian Ct. We further request that the City of Lake Oswego supply traffic and crowd control as necessary to keep visitors and cars off of Adrian Court and the surrounding streets as related to this event.

Best Regards,
Bryan Gergen
