Announcements

ePermitting is your link to building in Oregon! ePermitting now offers a full line of building permitting services from an increasing number of local building departments. Below you will find links to the three areas where ePermitting provides services. **Local building departments** can access their accounts on the Local Building Department Directory (Local Bldg Dept Dir), open the Minor label Web site, and express their interest in being a part of the ePermitting family. **Property owners** can access the Local Bldg Dept Dir, the Permits Protect Web site and look up permits that have been purchased on the ePermitting system. **Licensed Professionals** can register for ePermitting, get trained on how to use the system and log into their ePermitting and Minor label accounts.

Home Applications or Permits

Welcome to the State of Oregon ePermitting System!

This site allows you to apply for building permits with just a few clicks of a mouse! Participation by cities or counties is voluntary and each participating city or county determines which permits are available for sale online. To see a list of participating cities and counties please [click here](#).

Processing status breaks down into the various development reviews for your application.

If there is no black arrow in front of a description, then no review was required.

The green check mark means that particular review or process is complete.

The hour glass means that process is still pending review.

By clicking on any of the black arrows, they will expand to show further details regarding specific reviews.

Attachments are where plans, permit copies, and documents are archived for research and review.
