LAKE OSWEGO’S WATER SOURCE AND TREATMENT PROCESS

Did you know, the City of Lake Oswego’s primary drinking water source is the Clackamas River, NOT the Bull Run? The Clackamas River is a high-quality water source, providing drinking water for more than 400,000 people in Clackamas County and Washington County.

Did you also know, Lake Oswego’s water is filtered and disinfected using a state-of-the-art treatment process, at our water plant in West Linn? With recent upgrades to the system, we not only have a water source that is one of the highest quality in Oregon, we also have a very advanced filtration and treatment process that is capable of removing Cryptosporidium and other pathogens that may be detected in the Clackamas River water supply. Ozone, a powerful oxidant, will also provide an additional treatment barrier to protect public health beginning this spring (learn more about ozone in this month’s Water Conservation Quarterly).

The Lake Oswego Tigard Water Partnership is committed to providing the communities of Lake Oswego and Tigard high-quality drinking water, which meets and exceeds all federal and state drinking water standards.

For those interested in learning more about the water treatment process, please join us for a behind-the-scenes tour of our water treatment plant. Tours are typically held every two months. The next tour is March 23 at 10 a.m. Visit lotigardwater.org for more information or to register for a tour.

NEIGHBORHOOD ENHANCEMENT GRANTS

Do you have an idea for a project that would implement neighborhood or community goals, build community pride, leverage volunteer efforts, and create partnerships? Perhaps a project like invasive plant removal, planning for emergency events or installing public art to enhance a neighborhood gathering place? If you have an idea, work with your neighbors and neighborhood association and submit your application by May 1. The Neighborhood Enhancement Program supports partnerships between the City of Lake Oswego and its neighborhoods by providing grants for projects or programs that provide a community benefit. For grant criteria, budget information, project ideas, and to download an application, visit www.lakeoswego.city/NEP. Applications are due May 1.

EMERGENCY PREPAREDNESS FAIR
COMING TO PARKS & REC - PALISADES, WEDNESDAY, APRIL 26!

Learn how to care for yourself and your family in the event of an earthquake, flood, winter storm, or other disaster at the Emergency Preparedness Fair. Brought to you by the City of Lake Oswego, this free family-friendly event will feature approximately 20 informational booths plus programs and activities. Stop by any time between 5 and 8 p.m. and learn about water storage and emergency food options, emergency supply kits, pet preparedness, portable sanitation, seismic retrofitting your home, non-structural recommendations, solar power options, and much more! Look for details in the April HelloLO.

At this event, we will also be celebrating LOPD K9 Charger's retirement. Charger vom Grosswardein was born in Canada and has Czech blood lines. He joined LO's K9 unit in January 2009 at just 12 months old. While Charger has enjoyed working alongside Officer Vaughn Bechtol, he looks forward to a life of leisure playing with his toys and socializing with his civilian family and police friends.

9TH ANNUAL PHOTO CONTEST

It’s back! Enter your best images in the Ninth Annual City of Lake Oswego Photo Contest for a chance to win! First place winners will receive a $100 gift card; second place winners a $50 gift card; and third place winners a $25 gift card. Entries need to be submitted by 5 p.m., September 8.

For contest details, please visit www.lakeoswego.city/publicaffairs/photo-contest.

RESTORED WORKER’S COTTAGE WELCOMES NEW TENANT

After years of restoration work and studying the possible future uses for the Historic Worker’s Cottage, the work is completed and a local nonprofit, the Lake Oswego Preservation Society, began settling into the Cottage last month.

The City purchased the Cottage in 2003 to preserve one of the last remaining examples of factory worker housing in Oregon and the last of the cottages that were built in Lake Oswego. The Cottage is estimated to have been built around 1880 as one of the several small wooden residences to house workers of the Oswego Iron Company. Since 2011, a multi-phased project funded by hotel-motel taxes stabilized, rehabilitated and restored the structure and improved the site to accommodate the new use as an exhibit space, meeting venue, and nonprofit office.

The Worker’s Cottage is located at 40 Wilbur Street in the Old Town Neighborhood. The Cottage was designated as a City Landmark in 1989, added to the National Register of Historic Places in 2009, and is a stop on the City’s Iron Heritage Trail. As part of the lease agreement with the Preservation Society, the Cottage will be open for visitors. For more information visit http://lakeoswegopreservationso.org/.

For Information about the City and its services, go to www.lakeoswego.city or Call 503-635-0257.

Thank you for reading HelloLO. For more information, please visit www.lakeoswego.city.
DOOR-TO-DOOR SOLICITATION

While the City encourages commercial enterprise, restrictions on residential door-to-door solicitation are in place to protect the privacy of residents. Solicitation for any purposes, e.g., for-profit business, non-profit organization, charitable entity, or political candidate or measure, must be conducted in accordance with LOC 34.16.910-.950. Solicitation includes visual, verbal, or written (flyers, handouts, brochures, etc.) communications.

Did you know that unless you have a “No Solicitation” sign posted (one that meets Lake Oswego Code requirements), a person can solicit at your residence between the hours of 9 a.m. and 9 p.m., daylight savings time or between 9 a.m. and 8 p.m. standard time?

It is unlawful to solicit on residential property at any time if a sign is posted on or near the property boundaries at the normal points of entry that contains the words “No Solicitation” and the reference “LOC 34.16.920(4)” in characters no less than ½ inch high. The sign must be at least 6 inches high by 8 inches wide. For your convenience, signs that meet these requirements are available for $5 at the Finance Department at City Hall. Violations may be reported to the Lake Oswego Police at 503-635-0238 (all hours).

For more information on door-to-door solicitation, go to www.lakeoswego.city/finance/door-to-door-solicitation.

SEWER REHAB PROJECT

The City has initiated a new project in multiple neighborhoods to rehabilitate deteriorated components of the sanitary sewer system. These components have high rates of unwanted ground and surface water, or are experiencing structural failure in the form of cracks, separated joints, partial collapse, etc. The project will involve the rehabilitation of public mainlines and laterals in the right-of-way - it will not involve work on laterals on private property except when the mainline is located on that property.

As part of project design and planning, the City and its consultants have been locating the sanitary sewer laterals from the public mainline to the private properties - you may notice utility locate maps in the form of paint, stakes or whisks (plastic brushes-like markers) in and next to the streets, alleys, or easement areas.

Construction of the sewer system improvements is expected to occur in the spring and summer of 2017 and may involve temporary road closures. No road closures are anticipated during design.

It is important to address unwanted ground and surface water that enters the wastewater collection system to reduce costs for wastewater treatment, and to reduce the likelihood of overflow or backups that would impact these neighborhoods.

Property owners directly served from the sewer pipeline segments to be rehabilitated have received notification. For additional information about this project, including specific locations, please visit www.lakeoswego.city/publicworks/201516-system-wide-rehabilitation-1.

CITY BEGINS WORK ON NEW POLICE FACILITY

Since 2001, multiple studies have been performed on the condition of City Hall and the need for the construction of a safe, secure, and adequately sized public safety and emergency dispatch facility. The Police Department’s current space on the second floor of City Hall is insufficiently sized for today’s Police and 911 operations, the building and police vehicles cannot be secured, and the building does not meet current seismic standards for essential services.

In 2015, the three parcels immediately east of City Hall were acquired using urban renewal funds from the Lake Oswego Redevelopment Agency for the purpose of a new Police and 911 dispatch facility. Urban renewal will provide the funds to build the new facility and no additional funding will be required from residents.

If you’ve driven on Pilkington Road in the past few months, you may have noticed that progress on the new Public Works and Parks Maintenance facility is coming along at a rapid pace! The new building will house city staff from departments who are responsible for the maintenance of City parks and open spaces, as well as for infrastructure such as streets, water, and sewer.

New developments are being made each week. The decant facility was completed in the fall and is already being used by crews. This facility is used by Public Works to wash trucks and empy debris. In addition, new stockpile bins were installed to hold rock, sand, and dirt. Now, construction has moved on to the main facility, motor pool shop, and vehicle storage building. Most recently, the concrete foundation was laid and framing has begun. In early March, the tilt up concrete walls will be lifted, and the buildings will take shape. Next steps include more structural framing, the addition of the roof, and then other exterior finishes, such as doors, windows, gutters and drains.

Staff will move themselves, city equipment, tools, and vehicles into the new offices and storage facilities beginning in September. Last steps of the project include the demolition of the existing Public Works building, creation of a back parking lot in its place, and adding finishing touches to landscaping and exterior details. An exciting addition to the new facility is the installation of public art, which will enhance and compliment the building and its surroundings. Full completion of the project is slated for November, and will be signified by a community ribbon cutting celebration. The new building boasts more space, and will have several community rooms available for reservation through the Parks & Recreation Department.

If you’d like more information about this project, or to view a webcam of work, check out the Public Works webpage at www.lakeoswego.city/publicworks and click on the “New Construction” tab under “About Us”.

HOST FAMILIES NEEDED

In March, the City of Lake Oswego will welcome Japanese middle-school students visiting from our sister city, Yoshikawa, Japan. The students will enjoy a week-long visit which will include time learning about local government, spending time with our students at Lake Oswego Junior High and enjoying our community with their host families.

Portland Education Tour Center is seeking families interested in hosting a student during their stay. The group will arrive on March 31 and depart on April 6. A per diem is available to each host family. If you are interested, please contact Naoki Hashimoto with Portland Education Tour Center at 503-294-6488 or email at nhashimoto@educationtourcenter.com.

BOARD & COMMISSION VACANCIES

The city is seeking applicants for the Parks, Recreation & Natural Resources Advisory Board and for the Planning Commission. For more details, go to www.lakeoswego.city/boc/boards-commissions-vacancies or contact the City Manager’s Office at 503-635-0215. Applications can be filled out online.

DRUG TAKE BACK EVENT

SATURDAY, APRIL 29, 10 A.M. TO 2 P.M., AT THE ACC

Mark your calendar! On April 29 from 10 a.m. to 2 p.m. the City will be holding a one-day-only drug take-back event to help citizens properly dispose of unwanted or expired prescription medicines. Look for more information in the April HelloLO or visit www.lakeoswego.city/community/drug-take-back-event-spring-2017.
PARKS & RECREATION

Palisades, 1500 Greentree Road
For more information or to register for Parks & Recreation programs, call 503-675-2549 or visit www.loparks.org.

15271 - DADDY DAUGHTER DINNER DANCE
“Mermaid Affair” is the theme for this year's fun annual event. We are calling all mermaids, seahorses and more to enjoy an evening of enchantment under the sea at this semi-formal. Put on your dancing shoes, and your prettiest dress and enjoy a tasty treat. Capture the magic of the evening with a keepsake photo done by a professional photographer. Please register under daughter’s name. Price is for father and 1 little mermaid. $15 for each additional daughter. Ages 3+, 6 to 8:30 p.m., Saturday, March 11, LOPR-Palisades, $53.

GIRLS YOUTH LACROSSE GRADES K-2
Young lacrosse enthusiasts learn the fundamentals of women’s lacrosse in a fun environment. Program runs on weekend afternoons beginning the weekend of April 8th and 9th and runs through early June. We offer Girls Kindergarten Start-Up Program and Girls Grades 1-2 Skills & Scrimmages Program. Registration now open! Please visit www.loparks.org.

TAILGATING SPORTS NIGHT AT THE ACC
It’s a kick-off to summer sports, so let’s take it and celebrate. Game night tailgating brings food, fun and fellowship to sports fans. Yay! you’ll have corn hole, table tennis, social games and more. Join us under the big tent for food hot-off-the-grill, homemade pretzels and crafted beer. Suggested $5 donation. Ages 18+, to 8 p.m., Friday, April 7. Adult Community Center.

SPRING BREAK CAMPS
Come join the fun at Parks & Recreation for Spring Break. Try something new or hone your skills in Lego engineering, music, gaming and more. Pre-registration required. We offer “in between care” for camps held at Palisades for $25 for the week. Call 503-675-2549 for more information regarding in-between care. See the following list of Spring Break Camps.

14861 - NINJANEERING USING LEGOS
Imagine and build unique and fun LEGO projects while exploring the fantasy world of Ninjago. Ages 5-7, 9 a.m. to 12 p.m., March 27-31, Palisades, $155.

14862 - JEDI MASTER ENGINEERING USING LEGOS
The Force Awakens in this course for young Jedi. Discover key engineering concepts as you build complex machines and structures from a galaxy far, far away. Ages 8-12, 1 to 4 p.m., March 27-31, Palisades, $155.

14863 - ALL ABOUT THAT BASS
Come explore instruments such as the electric bass, the upright bass, and other lower pitched instruments. Learn how they are used in jazz and classical music and their history. Ages 8-12, 9 a.m. to 12 p.m., March 27-31, Palisades, $140.

14864 - BEGINNING TO ROCK CAMP
Students explore the drums, bass, guitar, keyboard and vocals, and learn the fundamentals of music, such as pitch, melody, harmony and rhythm. Ages 5-7, 1 to 4 p.m., March 27-31, Palisades, $140.

OTHER CAMPS
The following camps are also available.
14866 - Spring Break Farm Camp
15102 - Intro to Survival Camp
15127 - Spring Break Intro to Fishing Camp
For more information, call 503-675-2549 or visit loparks.org.

VOLUNTEER OPPORTUNITIES
Cornell Corridor of Trees
Join Friends of Hallinan Heights Woods for their inaugural work party to “Free the Trees” in the Cornell Corridor of Trees. Be ready for an adventure of these 3 natural acres. This is not recommended for children under 6 years old. Park off Latch St., which is off Cornell Street - will walk together to the work site. For more information, contact Barbara Fisher at 503-636-3153 or lanefisher@comcast.net. On-site contact: Megan Big John at 503-534-5436.

West Waluga Park
Saturday, March 11, 9:30 to 11:30 a.m. Join Friends of Parks, as they hunt for and remove old metal fence posts to ensure that the forest remains natural. Grab some clippers and help with invasive removal too. Volunteers under 18 must have a signed parental release form. Meet at West Waluga Park 15775 Waluga Dr. For more information contact: Will Mahoney-Watson at 503-752-3430 or will@humannatureart.com.

Signs will be posted for both work parties. Please wear sturdy shoes, and bring gloves and water.

CITY LIBRARY

Pints from the Past - Shaping a Cultural Landscape at Willamette Falls
Tuesday, March 14, 7 p.m. Join us for an entertaining and informative local history presentation in partnership with the Clackamas County Historical Society and Lake Theater & Café. Laurie Matthews, Director of Preservation Planning + Design at MIG, will share the work she and her team are doing to understand the layers of history on the Willamette Falls Legacy Project site in support of the riverwalk design process. Read more about the riverwalk here: http://www.rediscovethefalls.com/riverwalk/.
Admission is free and no ticket is required. Doors open at 6 p.m., program begins at 7 p.m. The Lake Theater & Café is located at 106 North State Street in Lake Oswego. For more information, contact Carissa Barrett at cmbarrett@lakeoswego.city or 503-534-4237.

Practice Early Literacy at the Library
March 20 to April 7, 10am to 12 p.m. While our librarians are taking a break from storytime, please join us at the library to practice your early literacy skills through playing, reading, writing, singing and talking. Toys will be available as well as other props necessary to facilitate all five of your early literacy practices.

PROGRAMS FOR FAMILIES

Happy Birthday Dr. Seuss
Thursday, March 2, 3:30 to 4:30 p.m. (lower level)
Come celebrate this legendary Children's author, Dr. Seuss. We’ll have cake and balloons, sensual crafts and special guests.

Kids CREATE - A-Maze-ing Design
Thursday, March 9 (second Thursday of each month)
Drop in between 3:30 to 5 p.m. (lower level)
Creativity is a foundation of all other milestones in educational development. Harnessing creativity at a young age, when brain development and plasticity are at their peak, not only optimizes academic success, but is critical for social and emotional development, critical thinking and problem solving.
Today, design a tabletop maze using materials from your household recycling bin. Use cardboard, cereal boxes, and paper tubes to create one-of-a-kind mazes, and race ping-pong balls through them.

LEGO Club
Saturday, March 11, 10:30 a.m. to noon
Drop in every second Saturday to build and create. Recommended for grades k-5.

Family Movie Night
Monday, March 13, 6 to 8 p.m.
Running out of room on your couch? Let us provide the big screen, cozy blankets to sit on, and snacks. We’ll even clean up the popcorn mess.

Wii Gaming
Thursday, March 16, 3:30 to 5 p.m. (lower level)
Test your Wii skills against friends and other local gamers. We’ll provide the Wii, controllers, snacks and fun!

Knitting Club
Thursday, March 23, 3:30 to 5 p.m. (lower level)
Have you always wanted to learn how to knit? Are you an experienced knitter and would like to hang out with friends while knitting? Either way, we’re here for you. We’ll provide the yarn and snacks, and the Teen Board will provide their expertise and patience.

Wake Up & Sing - Red Yarn Puppet Theatre
Saturday, March 25, 10:30 a.m.
And a special show is based on material from his most recent album, Wake Up & Sing. This fun mix of energetic movement songs and puppet routines is perfect for the toddler to pre-school crowd. Come and spend your Saturday morning with us.

Get your Game on at the Library
Every day, March 26 to 31, Noon until closing time (times vary according to the day of the week) During Spring Break we’ll provide all kind of games for you and your family to play - Sorry! Candyland, Battleship, and knitter who likes to hang out with friends while knitting! Either way, we’re here for you. We’ll provide the yarn and snacks, and the Teen Board will provide their expertise and patience.

WEST WALUGA PARK

OTHER CAMPS

14865 - THE GAMING ACADEMY
This camp is a combination of Video Game Design, Advanced Game Design and 3D Game Design, offering hands-on experience designing and building your very own games. Ages 10-15, 9 a.m. to 4 p.m., March 27-31, Palisades, $310.

OTHER CAMPS

The following camps are also available.

14866 - Spring Break Farm Camp
15102 - Intro to Survival Camp
15127 - Spring Break Intro to Fishing Camp
For more information, call 503-675-2549 or visit loparks.org.

Wii Gaming
Thursday, March 16, 3:30 to 5 p.m. (lower level)
Test your Wii skills against friends and other local gamers. We’ll provide the Wii, controllers, snacks and fun!

Knitting Club
Thursday, March 23, 3:30 to 5 p.m. (lower level)
Have you always wanted to learn how to knit? Are you an experienced knitter and would like to hang out with friends while knitting? Either way, we’re here for you. We’ll provide the yarn and snacks, and the Teen Board will provide their expertise and patience.

Wake Up & Sing - Red Yarn Puppet Theatre
Saturday, March 25, 10:30 a.m.
And a special show is based on material from his most recent album, Wake Up & Sing. This fun mix of energetic movement songs and puppet routines is perfect for the toddler to pre-school crowd. Come and spend your Saturday morning with us.

Get your Game on at the Library
Every day, March 26 to 31, Noon until closing time (times vary according to the day of the week) During Spring Break we’ll provide all kind of games for you and your family to play - Sorry! Candyland, Battleship, and knitter who likes to hang out with friends while knitting! Either way, we’re here for you. We’ll provide the yarn and snacks, and the Teen Board will provide their expertise and patience.

PROGRAMS FOR TEENS

Beyond the Duct Tape Wallet
Thursday, March 16, 6 to 8 p.m. (lower level)
Our local duct tape artist will guide you through the process of creating an amazing duct tape superhero tile portrait. For more information see southwestpictures.com Art Portfolios/Duct Tape Art. For teens in grades 6-12.

For more information call:
Main Number, 503-636-7628
Reference Desk Number, 503-675-2540
or visit www.lakeoswego.city/library.
Check out the City’s new Services & Activity Guide! You will find information about art, culture, historical resources, schools and the wealth of services and events offered by the City of Lake Oswego and its community partners. Whether you are new to town or considering moving to Lake Oswego, a current resident, or just visiting, you will find this guide an informative and useful resource.

The Guide is available on brochure racks at City Hall, Parks & Rec, and the Library, plus it’s available online at www.lakeoswego.city/publicaffairs/services-activities-guide.

“LOVE MY CITY” VIDEO CONTEST

Submit a video of why you love Lake Oswego and you could win $1000! Second and third place winners will also receive gift cards valued at $500 and $100, respectively. The Love My City Video Contest is free to enter and open to professional and amateur filmmakers of all ages. For contest details, please go to www.lakeoswego.city/VideoContest. All entries must be received by 5 p.m., Friday, July 14.

GOT A BACKYARD STREAM?

With all of the storms this year, backyard streams are no longer out of sight or out of mind. These streams carry runoff from our urban watersheds, and often pollutants as well. As you start planning yard projects for the coming year, here are some things to consider that can help with the care and feeding of that (mostly) little creek and its adjacent riparian areas:

• Try to limit man-made impediments to flow -- bridges, fences, dams. These can catch small bits of debris that become larger accumulations, causing or exacerbating local erosion of the channel.
• But don’t get too aggressive about clearing out pieces of large (immobile) wood or big rocks in the creek. These serve to dissipate stream energy and create instream habitat. Instead work including rip-rapping streambanks usually requires a permit from state and federal agencies. Check with the City’s Planning Department for guidance.
• Keep the streambanks and adjacent areas planted with native, non-invasive, shade-producing vegetation. This helps hold the soil in the face of high streamflows, reduces the amount that streamflow is warmed on hot days, and provides habitat for native wildlife, including songbirds and pollinators. Need help transforming your yard to reach this? Look to the City-supported Backyard Habitat program - www.tryonfriends.org/protect/backyard-habitat.
• Avoid or limit the use of fertilizers and pesticides next to streams. Keep pollutants -- things like paint, fertilizers, pesticides, and soaps -- out of the streets and storm drains. Look for alternative approaches to managing these on the City’s website at The River Starts Here (www.lakeoswego.city/publicworks/river-starts-here) or in the Nature Friendly Home and Yard Care brochure (www.cleanwaterservices.org/media/1287/stream-friendly-home-and-yard-care.pdf), available in the 1st and 3rd floor kiosks at City Hall.

The Friends of Luscher Farm are actively involved in working with the City to implement the Luscher Farm Master Plan. To date, they have helped build a tool aimed at making the community gardeners and to remediate the historic barn. Please join the Friends of Luscher Farm for an informational open house on April 9, from 1 to 5 p.m., at the farm house at Luscher Farm, 125 Rosemont Road, to learn more about who they are and what they do. If you would like more information, please contact Heidi Schrimsher at heidigarden@msn.com.

The Friends of Luscher Farm

OPEN HOUSE - 4 TO 5 P.M., ON APRIL 9

Do you consider Luscher Farm to be one of the crown jewels of Lake Oswego’s amazing park system? Would you like to see Luscher Farm become a regional education hub centered on sustainability, natural resource protection and historic preservation? Are you passionate about making a difference in our community? If so, the Friends of Luscher Farm wants to talk to you! The Friends of Luscher Farm is recruiting new board members - they are looking for people who have experience in finance, fundraising/grant writing, event planning, computer/web design skills, or other skills.

Woodmont Park - Design Charrette

6 P.M., MARCH 20, PARKS & REC - PALISADES, 1500 GREENTREE ROAD

Please join the Lake Oswego Parks & Recreation Department at the first of three Public Outreach and Design Charettes for the Woodmont Park Master Plan process. Meet the design team, learn about goals for the 6.7 acre park, efforts currently getting underway, and plans for the next 12 months, and discuss the park’s future in relation to ecology, infrastructure and program.
